ARCHITECTURAL AND ART INDUSTRIAL WORKS.

(JUST ISSUED:)

HANDBOOK OF ORNAMENT.

A GRAMMAR OF

Art Industrial and Architectural Designing

In all its Branches, for Practical as well as Theoretical Use.

BY

FRANZ SALES MEYER,

Professor of the School of Industrial Arts in Karlsruhe.

AUTHORIZED ENGLISH EDITION.

ALMOST 3,000 ILLUSTRATIONS ON 300 PLATES, AND 580 PAGES TEXT.

Price, \$3.60.

Before we undertook to present to the artists and artisans, to the teachers and students of art and art industry of the American nation an English edition of the well-known "Handbuch der Ornamentik," we consulted the most prominent professors and practical men of this country in this matter, and all these gentlemen cordially welcomed our idea and agreed unanimously that there is no other book in this line as complete, as useful, as rich of illustration and remarks on style and history, motives and their applications, and of such a comparatively trifling price as this "Handbook of Ornament." From the German editions of our work are sold, up to date, about 10,000 copies, and we hope the new English edition will find as many friends in this great, wonderful country, as it is fit to have its place on the shelves of an art professor's private library as well as in the shop of each artisan, and as it is fit to be the always-ready counsellor to each draughtsman. Let us say also that this English edition is authorized by the author as well as by the German publisher.

Yours very respectfully,

The Art Trades Publishing and Printing Co.,
132 NASSAU STREET, NEW YORK.
